

MODERN SLAVERY POLICY

The following provides transparency in that Advanced Living Solutions is committed to ensure that modern slavery is not taking place within our business or supply chains.

Advanced Living Solutions is a multi-national employee's service provider with a team of in-house Technicians, Admins, Business Development Executives, and Managers. We ensure that due care and attention is given to the wellbeing of all staff in both their business and personal environment.

With regard to our supply chain we work with a team of professional Individuals. We have a due diligence process in place while working with new and current suppliers, this includes offering payment terms which match their needs and meet market conditions. We offer guidance and fully support our suppliers.

Our in-house staff is vigilant and ensures that management is aware of any potential risk areas within our supply chain, relationships, partners, or clients. We do not deal or support any business knowingly involved in slavery and human trafficking.
